Soil and Water Conservation Districts & Employees:

The Minnesota Association of Soil and Water Conservation District in cooperation with the University of Minnesota Extension Service and the Natural Resources Conservation Service are offering an outstanding training opportunity. The program is entitled the *MASWCD Leadership Institute*. Enclosed is registration information describing this dynamic program. Note that this one-year program includes training sessions across the state of Minnesota, as well as a special training session in Washington D.C.

The Natural Resources Conservation Service has provided a grant to reduce the leadership program tuition. This allows for a cost savings for your district. **Because this is a one time grant, we may not have the opportunity again to offer this program at a reduced registration fee.** The registration fee includes tuition, speakers, and course materials; lodging and group meals for all sessions taking place in Minnesota; and lodging, airfare to and from Washington D.C. and special group meals while in the nation's Capitol. You may want to contact your MASWCD & MACDE Area Associations. They may have dollars budgeted to assist with reducing your tuition costs.

The MASWCD Board of Directors & are proud to provide the *MASWCD Leadership Institute*. The program is a forum for you to build personal leadership capacity and to understand, interpret and influence the forces affecting your district. Leadership skills are vital for Districts to continue to address conservation needs throughout the State of Minnesota. If you have any questions, please contact the MASWCD office (651) 690-9028 or graduates of MASWCD's previous leadership programs (see list on reverse side). Registration deadline is **July 7, 2006**.

Sincerely,

Carol Berg
MASWCD President
